Notional*	\$1,276.42	\$1,467.88	N/A	N/A	unmetered water source

\* Business customers who do not have a metered water supply but are connected to the wastewater network will typically pay the notional fixed charge.

#### Trade waste

Trade waste is now charged as wastewater under the business wastewater tariff (outlined above); this means there are no separate charges for trade-waste carriage and treatment. Charges for trade-waste administration and monitoring apply.

### Infrastructure growth charges (IGC)

For residential customers, charges apply per residential unit.

For business customers, charges apply per development unit equivalent.

## Infrastructure growth charges (IGC) *continued*

Where a customer already has a wastewater connection and will not increase demand on the wastewater network, or where a wastewater connection is unavailable, an application for a water connection will be charged a water-only infrastructure growth charge.

No further connections are available in **Bombay, Kingseat, Muriwai and Waiwera**.

There are capacity limitations on some parts of our water and wastewater networks and connections are not always available. Please visit Watercare's website [www.watercare.co.nz](http://www.watercare.co.nz) and search for "network capacity in Auckland" for more information.

<sup>1</sup> The Metropolitan network area covers customers supplied by Watercare's contiguous water supply system and/or serviced by any of Watercare's wastewater treatment plants at Māngere, Rosedale, Army Bay or Pukekohe. It includes the Hibiscus Coast, Kumeu, Huapai, Riverhead, Paerata, Clevedon, Pukekohe and Bucklands.

<sup>2</sup> The Northeast sub-regional IGC applies to Warkworth, Snells Beach and Algies Bay (currently serviced by the Warkworth and Snells Beach wastewater treatment plants).

<sup>3</sup> The Owhanake (Waiheke) IGC is payable in the case of existing business connections, where that connection first becomes liable for the IGC (for example, where demand increases) under Watercare's infrastructure growth charge terms and conditions included in our customer contract.

<sup>4</sup> The Southwest sub-regional IGC applies to areas of Franklin where the wastewater treatment plant the property connects to is not the Pukekohe or Māngere Wastewater Treatment Plant.

\*\* For more information please visit [www.watercare.co.nz](http://www.watercare.co.nz) and search for 'Infrastructure Growth Charges'. The IGC terms and conditions are on page 17 of our customer contract, which can be found by visiting [www.watercare.co.nz](http://www.watercare.co.nz) and searching for 'Customer Contract'.

# Other charges

## New connections, development, administration and other charges

Prices are effective from 1 July 2026. For more information, see clause 3.1 of the customer contract.

All charges apply to residential and business customers unless otherwise stated.

### New connections and development charges

All property owners or developers applying for new connections to Watercare's networks are liable for our infrastructure growth charge (IGC). The IGC is applicable to all new developments connecting to our networks, or to existing business customers that increase demand for water services and wastewater services.
