## **Pukekohe Water Treatment Plant Groundwater Discharge Annual Report**

To whom it may concern,

Auckland Council granted Watercare Consent DIS60358390 for the discharge of groundwater into an unnamed tributary of the Whangapouri Stream in 2020. This consent is valid from 4 August 2020 to 4 August 2030.

Condition 17 requires a report on any discharges provisioned by this consent no later than 3 months before the end of each calendar year. The report must cover monitoring from 1 July to 30 June each year and include the following information:

- Discharge flow monitoring records
- Records of visible environmental impacts
- Water quality analyses from the monitoring and sampling programme

During the period 1 July 2024 to 30 June 2025, no groundwater discharges from the Pukekohe Water Treatment Plant were made to the unnamed tributary.

Please let me know if you require any further information.

Yours faithfully,

Emma Baker
