**By email**

Dear Julie / Paulette

**CENTRAL INTERCEPTOR**

1. On the final day of the Central Interceptor hearing the Panel requested updated conditions to reflect the last minute changes recommended by Richard Blakey.
2. These are **enclosed**.
3. The version of consent conditions circulated by Mr Blakey as part of his reply on 13 August 2013 included three minor edits not previously suggested, and raised one new query. In particular, Mr Blakey:
  - (a) Suggested that "will" should be replaced with "shall" in Condition 1.11(h);<sup>1</sup>
  - (b) Suggested that "and Auckland Council" should be added to Condition 1.20;<sup>2</sup>
  - (c) Suggested the date range in Condition 2.3 should be from 1 August to 31 December, rather than 30 November;
  - (d) Raised a query about how Conditions 6.2 - 6.8 (which are pre-construction and during construction conditions) could be met if the Stormwater - Permanent Works consents did not commence until the works were completed.
4. During our reply we indicated that Mr Blakey's edits in (a) - (c) above were accepted. In relation to (d) above, we advised that the Stormwater - Permanent Works consents were in fact both construction and operation related consents and that, as a consequence, they should not have the later commencement date previously suggested. We advised the conditions would need to be amended as follows:
  - (a) The list of consents in Condition 1.23 needed to be amended to include the Stormwater - Permanent Works consents;
  - (b) Conditions 1.24 and 1.25 are to be deleted;
  - (c) The edits to Condition 6.1 are no longer required.

<sup>1</sup> This is identical to Designation Condition TM.2(j) so the same amendment is required in both.

<sup>2</sup> This is identical to Designation Condition AH.0 so the same amendment is required in both.

5. For your assistance, Watercare has prepared a new version of the "Reply Conditions" that include these changes.
6. To this end, please find enclosed:
  - (a) Post Hearing Consent Conditions - this is the same document as the Reply Set of Consent Conditions but includes **in orange and bold** the additional changes accepted at the hearing.
  - (b) Post Hearing Consent Conditions Clean - this is a clean version of the set of conditions at 6(a) above, with all numbering and cross referencing also updated.
  - (c) Post Hearing Designation Conditions - this is the same document as the Reply Set of Designation Conditions but includes **in orange and bold** the additional changes accepted at the hearing.
  - (d) Post Hearing Designation Conditions Clean - this is a clean version of the set of conditions at 6(c) above, with all numbering and cross referencing also updated.
7. Please do not hesitate to contact us if you have any queries.

Yours faithfully  
**RUSSELL McVEAGH**
